A complete line of modern farm equipment including: 3 tractors, New Idea corn husker, 1947 Studebaker pickup truck (1 ton heavy duty), 3 single unit Serge Milker outfits, Gehl silo filler, tractor manure spreader.

The feed to be sold includes: 150 tons of baled first and second cutting alfalfa hay, 2,000 bushels of oats, 800 bushels of barley, and 25 acres of corn standing.

Sale of farm equipment and crops only to be clerked and financed by THORP FINANCE CORP., WOODSTOCK, ILLINOIS.

GENERAL INFORMATION

Time—Friday, October 1, 1948. The sale of the land will start at 10:00 a.m. (C.S.T.) The sale of the farm equipment will follow immediately thereafter. The sale of the Shorthorn herd will begin promptly at 1:00 p.m. (C.S.T.).

Location—The sale will be held in the attractive pavilion on the grounds of beautiful Golden Bull Farms, 1 mile northwest of Wauconda, Illinois. Wauconda is located 40 miles northwest of Chicago on U. S. Highway 12. Lunch will be served on the grounds.

Transportation—There are four Greyhound busses per day from Chicago to Wauconda, Illinois. There are trains every half hour on the Northwestern Railroad from Chicago to Barrington. Barrington is 8 miles from the farm. Cars will be furnished to meet trains and busses if advance notice is given. Please notify Forest Grunewald, Manager, Golden Bull Farms, Wauconda, Illinois, (phone Wauconda 4214). Rooms will be reserved in Wauconda for those who wish to stay over night if advance notice is given to Mr. Grunewald.

Terms—The terms of the Shorthorn cattle sale are cash unless other arrangements are made in advance with the American National Bank and Trust Company, Chicago, Illinois, Trustee in liquidation of Golden Bull Farms. Settlements are to be made with the clerk immediately at the conclusion of the auction. All animals are at the buyer's risk as soon as bid off, but will not be released until settled for.

Registration—A certificate of registration with properly recorded transfer of ownership will be furnished for each lot sold, and an application for registry furnished for each calf at foot and for each unborn calf sold in dam.

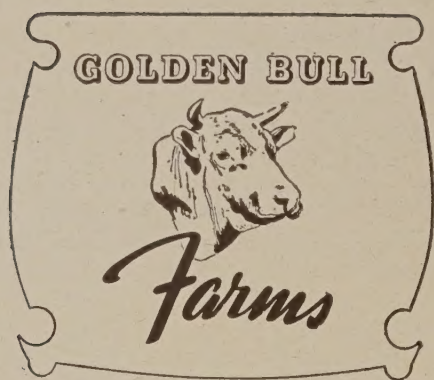

Mail Bids—Those wishing to buy at this sale and who cannot attend, may send bids to Hal Longley or Don Longley, care of The Shorthorn World, Aurora, Illinois; C. K. Tomson, Secretary of the American Shorthorn Breeders' Association, 7 Dexter Park Ave., Chicago, Illinois; Merle Abrams, The Drovers Journal, Union Stock Yards, Chicago, Illinois; or to the auctioneer.

Guarantee—The Golden Bull herd is Federally Accredited for Tuberculosis. All younger animals in the sale have been vaccinated and the entire herd has been tested for Bang's Disease within 30 days of the date of the sale. The owners are known to have maintained this herd under ideal conditions for the health and proper development of the cattle. An accredited veterinarian will be at the sale ring to issue proper health certificates. Any known faults in connection with animals in this Shorthorn sale will be announced. Since this sale represents part of the complete liquidation of all property owned by Golden Bull Farms, there will be no guarantee as to the future usefulness of these cattle.

Auctioneer—Hamilton James, Newton, Illinois.

Sale Manager—Don Longley, The Shorthorn World, Aurora, Illinois. This sale is being held under the direction of the American National Bank and Trust Company, Chicago, Illinois, Trustees in the liquidation of Golden Bull Farms.

Liability—Neither the Sale Manager, the person designated as clerk, nor the American National Bank and Trust Company of Chicago, Trustees in liquidation, will assume any liability, legal or otherwise. We will not be responsible for accidents that may occur but will make every effort to provide for the comfort and safety of guests on sale day.

Shorthorn breeders everywhere have followed with great interest the development of the famous Golden Bull Scotch Shorthorn herd, because it is the one herd in the United States that has been founded almost entirely on the descendants of the noted Perth champion, Imp. Millhills Ransom. The improving Ransom influ-

ence has been increased through the present herd sire, Golden Bull's Ransom, a red, three-year-old son of Royal Ransom by O.A.C. Ransom 21st. That he is a great sire, and that the added infusion of Ransom blood he brings to the herd is working further improvement, will be obvious to those who inspect his calves on sale day. As an individual Golden Bull's Ransom will meet the approval of critical judges. He is exceptionally low set, compact, and short legged.

This dispersion comes at a time when the herd has reached its peak. The six open heifers, the first to be produced in the herd, are of top show ring quality. A dozen younger calves now nursing their dams provide ample proof of the ability of Golden Bull's Ransom as a sire. There are eight open and bred heifers, all purchased in Canada and all sired by Ransom bulls. They are an excellent group of thick, blocky, short legged, rich colored individuals displaying ideal heads. The twenty cows, twelve of them now nursing promising calves and others soon to calve, are a valuable lot. Four are imported, seven are Canadian bred of the Ransom line.

Those in the market for seed stock and who attend this sale are going to be surprised and very pleased over the quality, individuality and condition of the cattle. They are strictly top individuals, and the bloodlines are the best.

Because this is a dispersion, many cattle are offered that would never otherwise be sold. There are certain to be bargains. I urge you to attend and take advantage of the unusual buying opportunities.

HAL LONGLEY
of The Shorthorn World.

Golden Bull's Ransom, chief stock bull in the Golden Bull herd. The proof of his ability as a sire will be shown sale day. Many heifers and cows carry his valuable service. This intensified Ransom breeding program is producing superior cattle.

Golden Bull's Ransom—One of the good tried sires to be sold this year. Rarely does one have the opportunity to buy such an outstanding individual of proven merit as a sire. His calves, which all can see sale day, should be sufficient evidence of his ability to work improvement in the best purebred herds. He is solid red, exceptionally low set, compact and short legged. He is a three-year-old and just beginning a great breeding career.

The Ransom Females...

The next seventeen females listed in the catalog are the foundation females chosen by Golden Bull Farms on which they intended to embark upon the program of making this herd the "Headquarters for the blood of the Perth champion, Millhills Ransom, in the United States." They are all sired by sons and grandsons of this great bull, and in many cases are the result of several crosses of this breeding. The wisdom of intensifying this bloodline by mating these females to another great Ransom sire, Golden Bull's Ransom, is proved by his calves in this sale. Many of these females have calves at foot by this bull. Others are heavy in calf to him. What a wonderful thing it would be for some progressive breeder to purchase this entire group of Ransom females.

The Golden Bull Herd has become the headquarters for the blood of Imp. Millhills Ransom, one of the great breed improvers of all time. Wherever the blood of this Perth champion has been introduced into herds, immediate improvement follows. When more than one cross is utilized, the improvement is greater and recognized earlier. The first calves from Golden Bull's program of breed improvement through the intensified use of Ransom bloodlines are included in this sale. The evidence is conclusive. It is regretted that the herd cannot be carried on intact. However, this dispersion provides rare buying opportunities for every Shorthorn breeder who wishes to improve his herd.

Among the many Ransom bulls that have sired cattle in this offering is Ransom Junior, pictured above, grand champion bull at the 1947 Canadian National Exposition. His sire is the double bred Millhills Ransom, O.A.C. Ransom 233d, the blood of which is also prominent in this sale.

He is by **Calrossie Sweepstakes**, sire of **Royal Rothes** and many other great bulls. On the dam's side she traces directly to **Calrossie Control**. She is as good as her beautiful pedigree would indicate and is the dam of Lot 30, one of the choicest heifers in the sale. She is rebred to **Golden Bull's Ransom**, and will calve before sale day. Bred Dec. 21, 1947.

IMPORTED FEMALES

There are several excellent imported females to be sold in this dispersion. Also included are the first calves by these grand cows. Study their breeding carefully. You will find Scotland's greatest sires represented.
